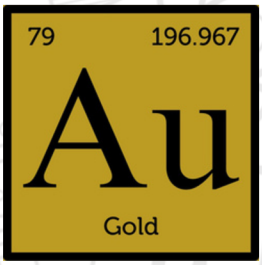
Gold Partnership
"Partnership"



The Curiosity Box will work closely with you to design and develop 3-5 new STEM activities around an area of your choice. Packaged in Curiosity Box's colourful branding, additional client branding will be added.
Once the box is developed and produced we will liaise with schools for delivery and provide social media publicity for the partnership.
There is a minimum box order of 10 for Gold Partners.

Product design & Development

• 3 bespoke activities that will help to solve a real world challenge: activity design, prototyping, testing, activity card design and creation. (Additional activities up to a maximum of 5 @ £3,500 per activity).	£10,500
• Pilot study with 5 schools, analysis and post-pilot content review of the activities and printed material.	£2,500
• Teacher booklet development and design. This contains guidance on time planning, lesson preparation, and conducting the activities as well as support for answering questions and troubleshooting issues. There are also curriculum links, homework and cross-curricular ideas and photocopiable certificates. Additional information relating to your STEM focus can also be included.	£3,000
• Publication of digital support resources unique to the box.	
• Project management* & social media posting	£5,000
	Total (ex VAT) £21,000

Production & Distribution

• Selection of and liaison with recipient schools.	£50 per school
• Box production, packing x 10 boxes	£2,100
• Postage and packaging	TBC

*Includes: the sourcing and procurement of box materials, client liaison, supplier liaison, design and printing of branded labels (where required), welcome letters, statistics and feedback of pilot study, dedicated Curiosity Box project leader.
